**Formulated and Manufactured
in the United State of America**

**Federal
Customers:**

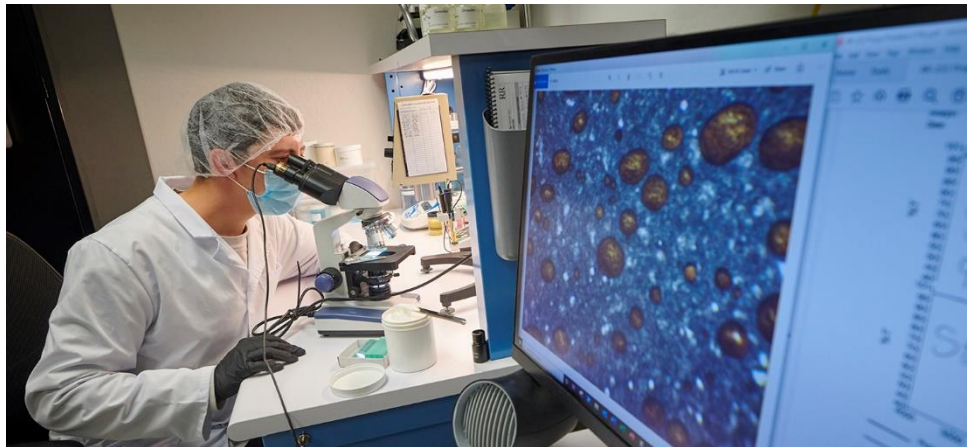

FDA/EPA/NSF REG. Quality Assured:

Our Cleaning process is adhered under FDA 21 CFR Part 211.67 for all our formulas whether they are FDA or EPA regulated. Our Production area, Tanks, Filling Equipment and Hoses are sanitized and tested after every use. R&R Lotion incorporates FDA 21 CFR 820.60 and 820.65 Identity and Traceability guidelines in case a recall is necessary.

All batches are sent out to independent labs to be tested for bacteria and active ingredients percentages before they can be released to our customers.

Distributors:

Research and Development:

For four decades we have been learning and asking our customers what they need and how we can help improve their lives. R&R Lotion prides itself with onsite staff to develop, formulate, and test new OTC products.
