

INDUSTRY CARE

ELECTROSTATIC CONTROL PRODUCTS

I.C.[®] Topical Antistat

*Topical Antistatic
Surface Treatment*

ENZYME-FREE

ALCOHOL-FREE

ALKALI-FREE

Apply & Adhere

Standardize and protect charged surfaces, objects, or equipment

Flexible & Easy

Quickly disperses and evenly coats most porous & non-porous surfaces

Particle Safety

Antistatic treatment protects from dust or particulate contamination

Neutralizing Treatment

I.C. Topical Anti-Stat neutralizes charge and creates an anti-static coating to maintain and protect both equipment function, and hygiene. Its non-toxic formula evenly clings to and modifies the static nature of handheld items or equipment to meet static-sensitive performance standards. Allowing limitless accessibility into cleanroom or static sensitive environments.

Complete Compliance

- Alkali-Free
- Alcohol-Free
- Enzyme-Free
- NFPA-S6A Complaint
- MIL-B-81705 Compliant
- Non-Flammable
- RoHS Compliant
- Helps Meets ANSI 20.20
- REACH SvHC Complaint
- ASTM-D257 Compliant

What Makes Us Different

Since our beginning, we've been committed to formulating products that meet or exceed the standards set forth by cleanroom and sterile environments. From lotion to antistatic spray, we've protected cleanrooms for over 40 years and will continue to develop products that have maintained and improved cleanrooms into what they are today.

- ✓ In-House Manufacturing
- ✓ On-site Quality and Regulatory Department
- ✓ FDA Certified & EPA Registered Manufacturer
