

FOR IMMEDIATE RELEASE

R&R Lotion Introduces I.C. Insect Repellent Spray - Advanced Biopesticide Solution for Professionals

SCOTTSDALE, AZ, OCTOBER 2019 — R&R Lotion, a trusted provider of industrial skin care solutions, is excited to announce a groundbreaking addition to its Industry Care (I.C.) line I.C. Insect Repellent Spray. Maintaining our dedication to developing superior solutions in our FDA and EPA registered facility, we're addressing the crucial need for potent, yet safe insect repellent options tailored to meet the needs of professionals in various fields.

Our I.C. Insect Repellent Spray is a significant advancement in insect protection. It is formulated with IR3535, a biopesticide known for its efficacy and safety. This odorless ingredient offers a less greasy and tacky feel than traditional insect repellents, ensuring user comfort without compromising protection.

More than just skin protection, our innovative spray extends its safeguarding effects to clothing, including flame-retardant clothing often required by outdoor professions such as utility linemen. This dual-action protection ensures comprehensive coverage against insect-borne threats in diverse work environments.

The protection offered by the I.C. Insect Repellent Spray is crucial in preventing vector-borne diseases such as Lyme disease, Zika virus, and others. Our focus is on ensuring that outdoor professionals can conduct their essential duties without the looming threat of such health risks.

The I.C. Insect Repellent Spray embodies our relentless commitment to crafting practical, high-quality solutions. Its easy-to-use design ensures efficient application, offering immediate and long-lasting protection. This spray is a significant milestone in our ongoing mission to provide professionals with effective, user-friendly solutions.

We invite professionals across various sectors nationwide to experience the I.C. Insect Repellent Spray – a new standard in insect protection. Discover the unmatched balance of comfort and protection, made possible by R&R Lotion's unwavering dedication to your health and safety.

The I.C. Insect Repellent Spray is available for purchase nationwide starting today. For more information, please visit our website at www.rrlotion.com or contact your local sales representative.

About R&R Lotion

R&R Lotion is a Scottsdale, Arizona-based skin care company, recognized for its commitment to producing innovative products in an FDA and EPA registered facility. Through the Industry Care (I.C.) line, R&R Lotion provides practical, high-quality solutions tailored to meet the unique needs of professionals in various industries. Beyond its innovative manufacturing, R&R Lotion demonstrates its commitment by conducting enlightening seminars addressing key concerns like skin cancer and diseases transmitted by insects that significantly impact the professional community.
