R&R Lotion Unveils I.C. Antibacterial Hand Cleaner with Pumice - A Heavy-Duty Solution for the Modern Worker

SCOTTSDALE, AZ, APRIL 2021 — R&R Lotion, a trusted provider of industrial skin care solutions, is excited to announce a groundbreaking addition to its Industry Care (I.C.) line - I.C. Antibacterial Hand Cleaner with Pumice. As an FDA and EPA registered facility, we continue to design innovative products that cater to the evolving needs of the workforce.

The I.C. Antibacterial Hand Cleaner with Pumice is a robust and comprehensive solution that goes beyond standard hand cleaning. Formulated with the active antibacterial ingredient Benzalkonium Chloride, this product is designed to eliminate germs effectively. The inclusion of pumice helps in exfoliating and freeing the hands of any embedded contaminants.

One of the defining features of this product is its built-in deodorizer, which efficiently eliminates any lingering odors, leaving a fresh lemon scent. This heavy-duty hand cleaner is not just powerful but also caring, as it features built-in skin conditioners that keep the skin from drying out, despite frequent use.

The I.C. Antibacterial Hand Cleaner with Pumice highlights our commitment to creating high-quality, worker-centric solutions. Its user-friendly design ensures quick application and delivers immediate, effective results.

We invite workers across the nation to experience the new standard in hand hygiene - I.C. Antibacterial Hand Cleaner with Pumice. Experience the perfect balance of cleaning power and skin care, brought to you by R&R Lotion's unwavering commitment to your health and safety.

I.C. Antibacterial Hand Cleaner with Pumice is available for purchase nationwide starting today.
