PROTECTION

IR3535[®] Formula

A powerful biopesticide that utilizes naturally occurring protection from insects

Comfortable Skin Feel

Plants into skin, without feeling oily, smelly, or heavy like traditional repellents

Fast Drying

Instantly dries and activates providing 8-hours of protection from Insects

Proven Protection

Experience the ultimate in insect protection with I.C.[®] Insect Repellent Lotion, formulated with 20% IR3535.[®] This odorless, non-greasy, and non-tacky lotion offers up to 8 hours of defense against mosquitoes and ticks that may carry diseases such as Zika, Dengue Fever, and Lyme disease. Perfect for the whole family, the lightweight formula applies smoothly and disappears into the skin, providing long-lasting, effective protection without the unpleasant feel of traditional repellents.
