

HEAVY DUTY RE-MOISTURIZER · OTC SKIN PROTECTANT

I.C.® HAND CREAM

Heavy Duty Re-Moisturizer · Créma de Manos · Fragrance free, dye free, paraben free

PRODUCT DESCRIPTION

I.C. Hand Cream is a heavy duty re-moisturizer and OTC skin protectant (dimethicone 4.0%). It is non-greasy and fast absorbing, and helps to prevent, temporarily protect, and relieve chafed, chapped, or cracked skin. Our heavy-duty formula has generous amounts of grape seed oil, sunflower butter, as well as botanicals, succulents, & vitamins to help workers' hands replenish after a long day. Made for doctors, nurses, surgeons, construction, framers, mechanics, and other strenuous jobs that use their hands often.

DRUG FACTS (LABEL)

ACTIVE INGREDIENT	PURPOSE
Dimethicone 4.0%	Skin Protectant
Uses Helps prevent and temporarily protects chafed, chapped or cracked skin. Helps prevent and protect from the drying effects of wind and cold weather.	
Warnings For external use only. When using this product, avoid contact with eyes. In case of eye contact, flush with water. Keep out of reach of children, except under adult supervision. | APPEARANCE

PRODUCT TYPE	Cream
COLOR	White
ODOR	Odorless
PH	3.5–4.0
VISCOSITY	35000–45000 cPs, T-bar C @ 12 RPM

| STORAGE TEMPERATURE & SHELF LIFE

This product has a shelf life of at least 24 months from the date of manufacture when stored unopened at room temperature. The product should not exceed 32°F – 150°F to remain stable and effective. Period after opening: 24 months (label).

| EFFICACY TESTING

Dermatologist tested (HRIPT). The human repeat insult patch test (HRIPT), the standard human clinical test used for personal care and pharmaceutical products, is used to help predict the likelihood of induced allergic contact dermatitis (ACD) from topically applied products. I.C. Hand Cream was tested with 50 volunteers.

| REGULATORY

This product is labeled as an OTC skin protectant drug (Drug Facts: Dimethicone 4.0%), manufactured and labeled in compliance with the Federal Food, Drug, and Cosmetic Act administered by the Food and Drug Administration (FDA). FDA Registered Manufacturer. R&R Lotion is an FDA and EPA registered and audited facility.

FDA EST. ID	3004167955
EPA FACILITY	91651-AZ-001
NDC (LABEL)	59555-901-14 (100 mL pump, LN-131)
GOV'T CONTRACT	GSA / VA / DOD 47QSMS24D0078

[CONFIRM: NDC listing: 59555-901 is not yet confirmed in FDA's NDC directory – confirm in CDER Direct. No label (and no NDC) on file for the 50 mL and 150 mL pumps.]

| SIZES & PART NUMBERS

PART NO.	SIZE	CASE	UPC
ICHC-50	50 mL airless pump	16	666080851590
ICHC-3	100 mL airless pump	16	666080849115
ICHC-150	150 mL airless pump	16	666080851606

[CONFIRM: The 100 mL pump label (LN-131, P/N ICHC-3) prints “3 oz (88.7 mL)” and NDC size code -14 (3 oz); the sheet says 100 mL per Fletcher. Label to be corrected at reprint.]

REACH	No known substances

| QUALITY ASSURANCE

Facility standards. R&R Lotion facilities follow Current Good Manufacturing Practice (cGMP) and/or Cosmetic GMP requirements.

Material standards. Incoming raw materials must undergo quality inspection and are efficacy tested prior to being used for manufacturing.

Equipment standards. All equipment and tools utilized are cleaned and sanitized both before and after use once verified by QA using sterility testing equipment.

Formula testing. Formulas developed by R&R Lotion undergo a series of tests and approvals to verify stability, product efficacy and preservative effectiveness.

Finished product testing. Every batch produced by R&R Lotion must go through physical, chemical and microbiological testing prior to being approved for distribution. This includes in-house lab testing of appearance, color, odor, density, pH and viscosity, followed by third-party active ingredient efficacy and product sterility testing.

Product traceability. The collection and annual review of all raw materials, finished goods, process controls and formulas allows for consistent control and correction in good manufacturing and documentation procedures.
