

ANTIBACTERIAL HANDWASH · OTC DRUG

# I.C.® ANTIBACTERIAL HAND CLEANER

Kills germs & paraben free · Benzalkonium Chloride 0.13% · Alcohol-free, fragrance-free

## PRODUCT DESCRIPTION

I.C. Antibacterial Hand Cleaner is designed for the daily and repeated handwashing of professionals in a wide collection of industries, including sterile environments, and is formulated especially for the Electronic, Cleanroom, Pharmaceutical and Food Service industries. It is formulated with mild surfactants, skin conditioners and Benzalkonium Chloride (BZK) as the antibacterial active, offering a gentler option for professionals to cleanse their skin of filth and bacteria. The advanced cleaning formula softens your skin while effectively removing soils, makeup and other contaminants.

## DIRECTIONS FOR USE

Pump into DRY hands. Lather vigorously for at least 15 seconds. Rinse and dry thoroughly.

## USES

- Use to remove grease, filth, oil, adhesives and more
- Use for hand washing to decrease bacteria on the skin
- Use to condition dry skin
- Use to protect skin from oil and water contaminants

## APPLICATIONS

Healthcare, Office, Industrial, Education, Government, Electronics, Facility Maintenance, Nursing Homes. Formulated for the Electronic, Cleanroom, Pharmaceutical and Food Service industries.

## FEATURES & BENEFITS

|                              |                                                                                                                   |
|------------------------------|-------------------------------------------------------------------------------------------------------------------|
| <b>PURIFYING</b>             | Gently cleanses most filth and contaminants found in the workplace                                                |
| <b>SOLVENT-FREE</b>          | Lacks harsh chemical solvents that can cause long-term damage to your skin                                        |
| <b>FAST ACTING</b>           | Kills germs in as little as 15 seconds                                                                            |
| <b>ALCOHOL-FREE</b>          | Helps prevent the drying, cracking and skin irritation caused by alcohol                                          |
| <b>SKIN SOFTENING</b>        | Skin conditioners soften hands and help prevent drying                                                            |
| <b>SILICONE-FREE</b>         | Suitable for paint and surface-coating manufacturing facilities                                                   |
| <b>SOAP-FREE</b>             | Does NOT contain alkali additives, plant oils or animal oils                                                      |
| <b>NO CRUDE-OIL SOLVENTS</b> | Lacks hydrocarbon solvents produced from crude oil (i.e. mineral & water spirits, kerosene and Stoddard solvents) |
| <b>FOOD FACILITY USE</b>     | NSF registered (E2) for use in and around food processing plants                                                  |

## FREE OF

ALCOHOL-FREE

PARABEN-FREE

FRAGRANCE-FREE

DYE-FREE

TRICLOSAN-FREE

NO ANIMAL TESTING

## WORKPLACE SPECIFICATIONS

- NSF registered (E2) for food processing plants
- Glove compatibility tested
- OTC antiseptic handwash · NDC 59555-701

**QUALITY ASSURANCE**

**Facility standards.** R&R Lotion facilities follow Current Good Manufacturing Practice (cGMP) and/or Cosmetic GMP requirements.

**Material standards.** Incoming raw materials must undergo quality inspection and are efficacy tested prior to being used for manufacturing.

**Equipment standards.** All equipment and tools utilized are cleaned and sanitized both before and after use once verified by QA using sterility testing equipment.

**Formula testing.** Formulas developed by R&R Lotion undergo a series of tests and approvals to verify stability, product efficacy and preservative effectiveness.

**Finished product testing.** Every batch produced by R&R Lotion must go through physical, chemical and microbiological testing prior to being approved for distribution. This includes in-house lab testing of appearance, color, odor, density, pH and viscosity, followed by third-party active ingredient efficacy and product sterility testing.

**Product traceability.** The collection and annual review of all raw materials, finished goods, process controls and formulas allows for consistent control and correction in good manufacturing and documentation procedures.

**REGULATORY**

This product is an OTC drug (antiseptic handwash), manufactured and labeled in compliance with the Federal Food, Drug, and Cosmetic Act administered by the Food and Drug Administration (FDA). R&R Lotion is an FDA and EPA registered and audited facility.
